

## 5. Admission requirements for non-EU students

According to the new Order of Minister of Education, Research, Youth and Sport no. 6000/15.10.2012 on approving “*Methodology of admitting foreign citizens from EU third countries for studies and schooling in accredited state and private educational institutions from Romania*”, the universities will issue the *Letter of Acceptance to Studies*.

Under the provisions of the same Order, the candidates from non-EU countries can be accepted in the Romanian education system if they:

- a) have documents proving the citizenship of the respective state;
- b) have study documents issued by education institutions acknowledged in the country of origin;
- c) submit their file within the deadline stipulated in the Methodology;
- d) chose an accredited state or private education institution and an accredited specialization/program.
- e) have the approval of the education unit/institution where they want to study.

The registration file will include the specific documents mentioned in the above Methodology. Documents must be accompanied by legally certified translations in Romanian or in a language of international circulation (French or English), certified for authentication by the Embassy of Romania to the issuer country or endorsed with apostille of Hague, if the previous studies were not completed in Romania, in a European Union country or in accordance with the legal assistance agreements signed between Romania and third countries.

The complete file will be sent to the chosen University which will issue the Letter of Acceptance to studies.

The staff of foreign official representatives – embassies, consular offices, economic agencies, international organizations and organisms – and their family members can be accepted in the Romanian higher educational system, without paying the tuition fee if they will present a document of bilateral agreement confirmed by the Ministry of Foreign Affairs.

International students have to prove good knowledge of the teaching language (Romanian, English, French or German).

For all international students who wish to study in Romanian language, a preparatory year can be attended. The candidates who speak Romanian can skip the preparatory year after having passed a test of Romanian language. The candidates who can formally prove that they have studied in Romanian for at least four years consecutively, do not need to pass the Romanian language test nor to attend the preparatory year.

Foreign students who have begun to study in their home country or in another country can finish their studies in Romania. This possibility depends on each individual case, after the recognition and equivalence of diplomas.
