

Adrian Iulian Simioniuc

I want to transform dreams into images, images into "moving images" (Georges Méliès), and these later into the seventh art. Nature lover and landscaper, I believe that everything that surrounds us, conveys something to us that we should capitalize on and convey the message to as many people as possible.

ABOUT ME

WORK EXPERIENCE

Creator

EDUCATION AND TRAINING

[01/10/2021 – Current]

PhD student Visual arts (Aesthetics of 360 filmmaking)

National University of Arts Bucharest

Address: Romania

Thesis: Virtual Reality in artistic, visual and cinematographic practices

The doctoral thesis is based on the application of a new concept, adapting the visual elements of the classic film in an extended 360 format, with all the stylistic and aesthetic implications that arise. This research aims to demonstrate a new type of cinematography, video and interactive material that will gradually reach the general public.
